2/2/00

Dear Dave,

So this is like you have the only sensible kind of retirement for an active person, an active retirement.

Glad to hear that life has been. Just finished another book - six weeks before I'm supposed to. Please excuse the brevity of it is. I'll got home from another week in Kentucky. Gall stones. Decision against an operation because of age. But last years she had four major operations in six weeks. However, I'm not disputing the doctor's decision. She is pretty feeble now. But her attitude is a good one and that is so important!

Hope you can make it some weekend soon.

Best to all,

Harold
